NOSTALGIA REIGNS SUPREME IN TILE DESIGNS

Retro designs and styles are getting a reboot in 2017, and the tile industry is following suit. From Sept. 25–28, many of the 869 ceramic and porcelain tile and bathroom fixture manufacturers at [Cersaie](#) unveiled collections featuring colors, shapes, and patterns inspired by 20th-century pop culture and art. Italy's

international tile and bathroom fixture show is held each year in Bologna.

ARCHITECT's Katharine Keane highlights some of the team's top picks fresh from the show floor:
